WHY ACCESS TO TRAINING PLATFORMS MATTERS

Technology is evolving fast, and so are the risks. Empowering your team with the right training minimizes downtime, boosts software adoption, and reduces security incidents. BrickTech's training platform makes learning simple, accessible, and impactful.

KEY FEATURES

ROLE-BASED IT TRAINING: Modules tailored for different job functions, from basic troubleshooting to cybersecurity best practices.

SELF-PACED LEARNING: Employees can train on their own schedule, minimizing disruption to daily work.

INTERACTIVE MODULES & QUIZZES: engaging content designed to reinforce learning and ensure retention.

PROGRESS TRACKING & REPORTING: See who's completed training and identify gaps in team knowledge.

AREAS OF TRAINING:

Training available in 29 languages.

i. Accounting & Finance
ii. Business Skills
iii. Communication Skills
iv. Cybersecurity
v. Data Analysis
vi. Diversity
vii. Google Workspace
viii. HIPAA
ix. Manager Training
x. Meeting Management
xi. Microsoft Office
xii. Specific applications like Adobe, QuickBooks, ChatGPT, etc.

BENEFITS

Reduced IT Support Tickets:
Employees learn how to handle common issues independently.

Faster Onboarding:
New hires get up to speed quickly with foundational training.

Security Awareness:
Team members learn to avoid risky behaviors that can lead to breaches.

Continuous Skill Development:
Ongoing access keeps your team current with evolving technologies and best practices.
